40 °F

STORAGE TEMPERATURE - MINIMUM

28 °F

STORAGE METHOD

Refrigerated

Preparation

UNSPECIFIED:

Remove packaging material and plastic disk over bone. Use pan at least 1 inch deep. Wrap ham in foil. For best results, heat in a 300°F oven to an internal temperature of 120°F (approximately 13-15 minutes per pound). Do not overcook, as this will dry the ham.
